Many of the sites have not updated their information for the 2017-2018 school year so information is based on previous year.

- Present a minimum cumulative average of 85%
- Hold Canadian citizenship or permanent resident status

Selection Criteria

Character, service and leadership are the selection criteria for Loran Awards. Loran scholars are people of strong moral character who have demonstrated academic excellence and potential as leaders. They are curious by nature, interested in a wide range of subjects and willing to take meaningful risks. They prioritize results over appearances and value integrity and honesty. Though they study diverse subjects, and go on to work in a variety of fields, they share a common commitment to their university and larger communities.

Frequently Asked Questions and Answers:

1. What do you look for in scholarship recipients?

Students that best reflect the criteria of character, leadership and community service are considered to be strong candidates. Activities both within the school and out in the community are weighed equally. An 85% average is the minimum academic threshold for consideration.

2. How can I get an application?

Read [how to apply](#) and speak to your guidance counselor about your school's nomination process.

3. May I apply for the award online?

Yes, but you **must mail the completed application** as outlined in the instructions contained in the PDF you download from the online application system.

4. Can I photocopy the application?

Yes, you may photocopy it as often as you like. One copy of your application **must** have an original signature.

5. How many copies of the application form do I need to submit?

All applicants must submit **three copies** of both their application and official transcript. One copy must bear original signatures.

6. Are the chances of winning a university award the same for a sponsored as for a direct pool applicant?

Historically, more sponsored students win awards and recognitions (honour citations and semi-finalist certificates) than do students who apply through the Direct Pool. Approximately one-third of Loran scholars were direct pool finalists. This number is quite consistent from year to year.

7. I am currently a student at a university or college. Can I still apply for your award?

No. Current full-time post-secondary students are not eligible for Loran Awards.

8. Are your awards only open to university-bound students? What about college-bound students?

We have two separate award programs. The Loran Awards are granted to university entrants, while the [W. Garfield Weston Awards](#) are offered to students studying at or entering community college.

9. What are your deadlines?

October 19th. We do not accept any late applications. No applications will be accepted after the deadline, regardless of the postmark date.

10. How many students can my school sponsor?

Secondary schools may sponsor up to three (3) applicants for the Loran Award. CEGEPS may sponsor up to five (5) applicants.

11. What should I do if my school will not sponsor anyone for the Loran Award?

See your guidance counselor and stress the importance of school sponsorship. Remind them that, historically, more awards are granted to sponsored applicants than direct pool applicants. If your school still refuses to sponsor any students, please [contact us](#). If you are not sponsored, then you may apply for the Loran Award as a direct pool applicant.

12. I am a student applying from outside of Canada. Can I apply for your the Loran Awards?

Yes, but only if you are a Canadian citizen or permanent resident.

13. I will be attending a university that is not on your list of participating universities, am I still eligible for your awards?

Loran Awards are only tenable at [participating universities](#) in Canada. Loran [finalist and provincial awards](#) are tenable at any accredited public university in Canada.

14. I am interested in attending a private university, am I eligible for this award?

Loran Awards and Loran finalist and provincial awards are not tenable at private institutions.

15. What is the Morehead-Cain award?

Click [here](#) for more information on the Canadian Morehead-Cain.

16. Can my parent or good friend sign my activity verification form?

No, you must have your school administrator sign your activity verification form.

17. Can I courier my application?

All applications must be sent using **Canada Post regular mail** or **XpressPost** services.

Applications sent requiring a signature **will not** be accepted. We **do not accept** applications sent by fax, hand delivered or mailed through private couriers such as Purolator, Fedex, UPS, etc.

18. When will I be notified about the status of my application?

Within one month of the application deadline, we will mail a "receipt of application" to all applicants who included a regular size self-addressed stamped envelope with their application.

Only applicants invited to attend interviews are notified of the status of their application. We notify sponsored applicants through their schools, not directly. All schools will be notified by November 12.

We contact direct pool applicants directly. After the initial phone interview, successful direct pool applicants will be invited to national selections by January 21.

Application Process

Applicants may apply to one of two pools:

- the [sponsored pool](#), for applicants sponsored by their schools
- or the [direct pool](#), for applicants who are not sponsored by their schools.

Selection Process

The Loran selection process is the most rigorous of any scholarship program in Canada. We rely on a network of over 300 volunteers from across the country to assist us in carrying out our selections each year.

The following is a breakdown of the selection process for [Loran Awards](#), which differs slightly depending on whether the applicant is sponsored by their school or not.

Sponsored Applicants

[Area committees](#) read and evaluate all files received and select approximately 260 students who are invited to regional interviews.

Regional interviews are held across the country in late November or early December depending on the location of the applicant's [area committee](#).

From those interviews, approximately 50-60 finalists are invited to attend national selections in Toronto in early February.

Top candidates not selected as finalists will be offered [provincial awards](#), which are tenable at any accredited public university in Canada.

Direct Pool Applicants

All Direct Pool applications are assessed by a national committee. Telephone interviews and reference checks are conducted with candidates deemed to be semi-finalists, and, from those interviews, 15-25 finalists are invited to attend national selections in Toronto in the first week of February.

Top candidates not selected as finalists will be offered [provincial awards](#), which are tenable at any accredited public university in Canada.
